Success for Czech cardiology at ESC Congress in Amsterdam

Congress of European Society of Cardiology 2013 took place in Amsterdam from August 31 till September 4, 2013. Czech cardiologist, current President of Czech Society of Cardiology, Professor Petr Widimský, DrSc, FACC, FESC, was honored by ESC Andreas Grüntzig Lecture on Interventional Cardiology. His lecture was titled "Reperfusion therapy in acute myocardial infarction and acute ischaemic stroke: similarities and differences" and it opened an important topic, dealing with interventional therapy of acute ischemic stroke, a topic now often discussed at scientific meetings.

Editorial Board of *Cor et Vasa* as well as The Board of Czech Society of Cardiology congratulates Professor Petr Widimský with his last great achievement at the ESC scene.
